TABLE OF CONTENTS

Chapter 1: Introduction

1.1 Introduction to Visual PFAS	1.2
1.2 Software Overview	1.3
1.2.1 Software Licensing	1.4
1.2.2 Installation Requirements	1.4
1.2.3 Users Guide Organization	1.4
1.3 Tutorial Example Project	1.5

Chapter 2: Creating A Project and Importing A Dataset

2.1 Introduction to Visual PFAS Projects	2.2
2.2 Creating or Opening a Project	2.3
2.3 Imported Dataset Format	2.8
2.3.1 Chemicals.csv Table Format	2.11
2.3.2 ChemGroupList.csv Table Format	2.13
2.3.3 ChemGroups.csv Table Format	2.14
2.3.4 Units.csv Table Format	2.15
2.3.5 Locations.csv Table Format	2.16
2.3.6 LocGroupList.csv Table Format	2.17
2.3.7 LocGroups.csv Table Format	2.18
2.3.8 Events.csv Table Format	2.19
2.3.9 Results.csv Table Format	2.20
2.3.10 ReferenceSeriesList.csv Table Format	2.23
2.3.11 ReferenceResults.csv Table Format	2.24
2.4 Importing the Dataset	2.25
2.5 Importing A Soil/Sediment Dataset for Visualization	2.33

TABLE OF CONTENTS

Chapter 3: Creating A Basemap

3.1 Introduction to Visual PFAST™ Basemaps	3.2
3.2 Creating A New Basemap	3.4
3.3 Adding Basemap Layers	3.6
3.3.1 Changing Color Properties	3.13
3.4 Navigation Panel	3.18
3.5 Map Properties	3.20
3.5.1 Map Title, Layout, and Scale Bar	3.21
3.5.2 Moving the Map Title and Scale Bar	3.27
3.5.3 Viewing the Property Windows	3.28
3.6 Viewing Location Groups	3.29
3.7 Print or Export Basemap	3.30

Chapter 4: Radial Diagram Maps

4.1 Introduction	4.2
4.1.1 Creating a new radial diagram properties file	4.6
4.2 General Properties	4.8
4.2.1 Number of Axes, Chemical Selection, and Axis Angles	4.9
4.2.2 Number of Reference and Monitoring Event Series	4.12
4.2.3 Select Locations to Plot Radial Diagrams	4.14
4.3 Chemical Properties	4.13
4.4 Tick Mark Properties	4.21
4.5 Series Properties	4.22
4.6 Legend Properties	4.26
4.7 Map Properties	4.27
4.8 Iterating Between the Basemap and Radial Diagram Properties	4.28
4.9 Exporting Radial Diagram Legends and Maps	4.40

TABLE OF CONTENTS

Chapter 5: Stacked Bar Maps

5.1 Introduction	5.2
5.2 Creating a New Stacked Bar Map	5.5
5.3 General Properties	5.7
5.3.1 Selecting Monitoring Locations	5.8
5.3.2 Selecting Chemicals	5.9
5.3.3 Selecting the Monitoring Event	5.11
5.4 Chemical Sequence Properties	5.12
5.5 Legend Properties	5.16
5.6 Map Properties	5.17
5.7 Viewing the Stacked Bar Map	5.18
5.8 Printing and Exporting Stacked Bar Maps	5.22
